Welcome to my creative space! As an aspiring web designer, I bring a fresh perspective, unbridled enthusiasm, and a commitment to creating visually stunning, user-centric digital experiences. I have a keen eye for aesthetics and a passion for clean, intuitive design. Every project is an opportunity to blend functionality with visual appeal, ensuring seamless user experiences that leave a lasting impact.

Experience

- Figma, Adobe Photoshop, Adobe illastrators. @ E-commerse   15 Mar 2024 - 18 Apr 2024

  Job Description: Our e-commerce project is driven by user research, employing wireframing and user personas to understand user needs. We meticulously plan, design, and prototype using Figma and Photoshop, ensuring a seamless experience that resonates with our audience.
